Environmental Interpretation and Education
The Environmental Interpretation and Education minor offers students the opportunity to explore the fields of formal and non-formal learning environments, how people learn, the needs of diverse audiences and the best practices in instructional as well as heritage and resources interpretive settings. This minor will support the students who plan on working with educational/interpretive programs in a variety of settings including zoos, wildlife parks, aquariums, parks, environmental learning centers, and other educational settings.

_____ PY 3123 Educational Psychology

An academic minor is a specified sequence of courses totaling 18 to 24 credits and requiring at least nine credits of 3000 or 4000 level work. Twelve of the credits must be outside of your major degree requirements. Students are limited to declaring one minor in addition to their major(s). Minors do not lead to a degree. No substitution or waiver of courses in a minor is allowed. The college does not guarantee courses for a minor.
