

ENVIRONMENTAL HUMANITIES

Following is some general information about resources and tools to assist researchers in the field of Environmental Humanities. This list is just a sampling of what the Quimby Library has in its collection.

FINDING BOOKS

The library's holdings are best accessed through Minerva, our online catalog. This system can be searched by author, title, subject heading, or key word. Help in using the system is available online at the reference/circulation desk. The library catalog [<http://minerva.maine.edu/search~S96>] can be accessed from the library as well as your home or office via the internet.

The library holdings are arranged by the Library of Congress Classification system and uses Library of Congress subject headings. Examples of possible subjects include:

Anthropology; Authorship; Culture; Environmental degradation; Environmental ethics; Environmental health; Environmental justice; Environmental literature; Environmental sciences – Philosophy; Environmentalism; Ethics in literature; Ethnology; Geography; Human beings – effect of environment on; Human ecology; Human geography; Indians of North America; Landscape changes; Man – Influence on nature; Natural history; Natural history – Philosophy; Nature – Effect of human beings on; Nature – Social aspects; Nature conservation – Moral and ethical aspects; Philosophical anthropology; Philosophy of nature; Science and the humanities; Social ecology; Sustainable agriculture; Sustainable development
