

LANDSCAPE HORTICULTURE

Following is some general information about resources and tools to assist researchers in the field of Landscape Horticulture. This list is just a sampling of what the Quimby Library has in its collection.

FINDING BOOKS

The library's holdings are best accessed through Minerva, our online catalog. This system can be searched by author, title, subject heading, or key word. Help in using the system is available online and at the reference/circulation desk. The library catalog [<http://minerva.maine.edu/search~S96>] can be accessed from the library as well as your home or office via the internet.

The library holdings are arranged by the Library of Congress Classification system and uses Library of Congress subject headings. Examples of possible subjects include:

Arboriculture; Flower gardening; Flowers; Fruit – pruning; Fruit – culture; Garden pests; Gardening; Gardening – Therapeutic use; Ground cover plants; Herbicides; Landscape assessment; Landscape architecture; Landscape construction; Landscape design; Landscape ecology; Landscape gardening; Landscape nurseries; Landscape plants; Landscape protection; Landscaping industry; Organic gardening; Ornamental woody plants; Pesticides; Plant diseases; Plant selection; Plants, ornamental ; Parks – Design and construction; Recreation areas – Design and construction; Report writing; Technical writing; Turf management; Turfgrasses; Vegetable gardening
