Dear Mr. Markoe:

I am interested in a position in your Good Will Hinckley Adventure Camp. In talking recently with my neighbor and Good-Will Hinckley employee Trey Hanson, he suggested that I contact you regarding potential career opportunities.

I was excited to learn of your new program designed to teach today's youth about the environment while learning life skills in building self-esteem in an outdoor setting. It is my desire to obtain a position in such an organization as yours and grow with your Adventure Program. I am currently enrolled in the Adventure Therapy program at Unity College and working towards my Bachelor Degree in Science. As my resume indicates I have a great deal of experience in the outdoor setting, mentoring youth as a Boy Scout trip leader. Additionally I am well prepared to handle emergency situation having volunteered on my local Emergency Response Team.

I am very excited to bring my skills to your program and would like the opportunity to meet with you to discuss my interest in your program future goals of working with the next generation of environmental leaders. I am best reached by phone or email listed above.

Thank you for your time and Consideration.

Sincerely,

David O'Malley
