# SUMMER PARK RANGER POSITIONS

The US Army Corps of Engineers at Edward MacDowell Lake is now accepting applications for summer seasonal park ranger positions.

Staffing is needed from mid May through early September. If applying under the student temporary employment program, the applicant must be currently enrolled in college (undergraduate or graduate) and be returning for the fall semester. Applications will also be accepted from individuals not eligible for student employment.

### Major Duties Include:

- ❑ Assist park visitors with questions and mediate problems related to park operations, regulations, and / or facilities, ensuring that park visitors have a positive recreation experience.
- ❑ Provide formal and informal interpretive programs and tours on a variety of topics from water safety to the flora and fauna of the park.
- ❑ Monitor park facilities for protecting resources, safety and cleanliness.
- ❑ Perform on going maintenance and facility improvements to park facilities and grounds.

### Requirements:

- ❑ Enjoy working in the great outdoors and with people
- ❑ Be a team player and give your 100% best effort
- ❑ Must wear a prescribed uniform (government provided).
- ❑ Must possess a valid motor vehicle license.
- ❑ **Must be able to work weekends, evenings, and holidays.**

Contact the Edward MacDowell Lake Project Office for more information and send us your resume:
